# Consulting Definition and Process

A consult is considered a specific question regarding a specific topic. Consults for multiple states, should be submitted separately due to laws in each state being different.

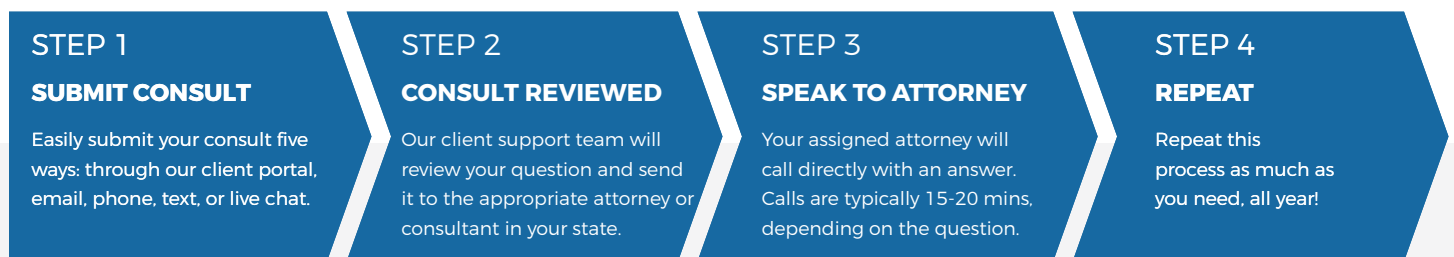

**A consult is considered free if the question can be answered by the attorney during the initial call.**

- EXAMPLES**
- “ We need to terminate an employee for stealing, but only have hearsay from employees. Do we need evidence?
  - “ We hire subcontractors for labor as needed. How do we handle their worker's comp?
  - “ How do FMLA laws apply to an employee who is caring for a sick child/partner?

All initial consults are free; however, some consults may entail more work such as a detailed contract review.

- EXAMPLES**
- “ We need to review our subcontract and make any necessary changes per the findings of the review.

This would not be considered free, as the attorney will require more time than the initial call to complete the work for the client. This would apply to any questions that will require additional work from the attorney extending beyond the initial free phone consultation.
